Subject: RE: HB 21 - Suggested Statutory Language Amendment

Hi Erica,

Do you have any guidance on the issue and process for suggested statutory amendment language for HB21? Should this go to the Joint Committee for review?

Warm Regards,
Lauren

Subject: HB 21 - Suggested Statutory Language Amendment

Good Morning David,

It is my understanding that at the first Joint Committee on Controlled Substances meeting, it was mentioned that if anyone had suggested statutory language amendments for submission, they should be provided to the committee for review and possible submission for the next legislative session. Am I understanding this correctly? If so, I have a draft letter that addresses the long term care lack of exemption in the review of the system that I want to submit. I just want to ensure I am following the correct avenue/path for submission as I was unable to attend the first meeting and have received this information through other individuals who were in attendance.

Warm Regards,
Lauren
